

J316

Port Authority® Traverse Soft Shell Jacket. J316

A water-resistant shell joins a warm microfleece lining to let you comfortably traverse through wind and rain. Pops of color at the zippers give the Traverse a fresh spin on classic soft shell design.

- 93/7 poly/spandex woven bonded to 100% polyester microfleece lining with laminated film insert to repel water and wind
- 1000MM fabric waterproof rating
- 1000G/M² fabric breathability rating
- Self-fabric adjustable tab cuffs with hook and loop closures
- Front zippered pockets
- Open hem with drawcord and toggles for adjustability

Adult Sizes: XS-4XL
