Committee Chair: Dawn Horock

Thank you all for your help in making the comeback of the newsletter a success! Members really do appreciate communication from the ESSFTA and the newsletter is a way to make certain that the members are aware of new events, results, AKC updates, and any other announcements that we want made known. If you haven't submitted an article/announcement before, I really hope that you will consider doing so in the future.

I am including the yearly publishing schedule again for a reference. You are welcome to **send me anything at any time** for upcoming issues, you don't have to wait for a deadline.
